RALLY

to

OPPOSE UC and STATE COLLEGE TUITION
SUPPORT INCREASED STUDENT REPRESENTATION
AT STANFORD

WHO RUNS THE UNIVERSITIES??

Ronnie Reagan says if you want freedom you can't get a public education in California.

State finance consultant cuts UC and State College budgets--to increase quality??

The UC regents take a little time off from their monopolies to fire Clark Kerr for opposing tuition.
and at STANFORD

The students who study Stanford on the Packer Commission will not represent students.

The Trustees sit on OFF, social regulations--OUR RIGHTS--while their criminal "defense" contracts continue.

Our state is progressing to the point where we shall hear this sad memorial for education: BILLIONS FOR DEFENSE, NOT ONE CENT FOR EDUCATION.

If this trend bothers you, if you feel that Students and Faculty should play the significant decision-making roles for modern universities, come to our rally.

go to Sacramento

Participate in the Sacramento marches! SDS is organizing car pools to go to the march sponsored Saturday, February 11, by the California Federation of Teachers. We will leave Tresidder parking lot at 8:15 AM Saturday. Directions will be provided. For information call John Saari (327-1894) or Leonard Siegel (327-9989). We would like to express the solidarity of the academic community and to show to the public that those concerned about tuition are not concerned just because they may have to pay.
