

YOU ARE LUCKY

TODAY IS A DRAFT HOLIDAY

OCTOBER 16-21 has been designated Stop the Draft Week by Bay Area anti-draft unions and anti-war organizations. We are closing the Oakland Induction Center through mass demonstrations.

When you arrive in Oakland you may be confronted by an angry crowd.
We are not angry at you.
We are angry at the draft.
This may mean blocking this bus or not letting you into the Induction Center.
But you aren't the target.
The Man is.
We are not going to let the Man force you into military slavery.
We're on your side.

The cops and the draft board people will tell you that you have to fight through the demonstrators.

This is not true.

If you don't report because of physical hardship or impossibility they can only call you again.

Write your draft board today explaining the situation.

If they try to pull some shit on you, contact us.

We'll help you.

You don't have to be drafted.

There are ways of getting out.

We can help you.

We'll help anyone who doesn't want to go, no matter what his reasons are.

Contact us before you are called again.

We are a group of draft age men, as you are.

We are the women who support these men.

We support American men in Vietnam or anywhere else.

We want to bring them home alive.

We want you to live in America as a human being.

Not die in Asia as a military weapon.

You don't have to report today.

If you play it right, you don't have to be drafted.

Read our other leaflets--contact us.

NOW. Next week may be too late.

HELL NO! NOBODY GOES!
