I am (A) \_\_\_\_\_, \_\_\_\_\_  
(name) (title)

This is (B) \_\_\_\_\_, \_\_\_\_\_  
(name) (title)

We are members of the Stanford community acting in official roles: we have been asked by the Provost to cooperate in the furtherance of the University Policy on Campus Disruption.

(A) The occupation of the Applied Electronics Laboratory violates that Policy by preventing the normal conduct of University business. In furtherance of that Policy, I therefore ask you to leave this building immediately.

(If person does not leave)

(B) I believe that you have violated the University Policy on Campus Disruption by participating in an occupation preventing the conduct of normal University business, and by failing to leave this building immediately when Mr. (A) asked you to do so. I therefore now ask you to identify yourself to me.

I remind you that your obligation to identify yourself to me under these circumstances is specifically imposed by the University Policy on Campus Disruption. I understand, moreover, that many of you have decided that your moral concerns and tactical judgments make you willing to face University disciplinary processes in order to achieve your objectives. Giving your name to me now is consistent with these moral principles.
