

The Stanford Employees Association met at 7:30 p.m. in Bishop Auditorium. A motion was read by President Mike Fineo agreeing with the AEL sit-in goals but finding the tactics unacceptable. The body considered its information on the issues insufficient and the motion was not voted on. Another motion was proposed and passed to hold a five-man forum possibly by April 21. The forum will represent a cross-section of opinions on the AEL sit-in and its goals, and those wishing to participate should contact Mr. Fineo. It is planned to entertain a motion on the position of the Employees Association following the forum.
