

IT'S OFFICIAL!!

LAOS HAS BEEN INVADED!!!

Sunday night the Saigon government announced that its troops, with American support, have invaded Laos.

If this gross escalation does not go unchallenged, there will be no limit to expanded U.S. war policy in Southeast Asia.

We can force Saigon troops to be pulled out of Laos. We can stop the saturation bombing. We can prevent the use of nuclear weapons -- if we act now!

The following telegram and message were sent to the U.S. anti-war movement by representatives of the Provisional Revolutionary Government of South Vietnam (PRG) -- otherwise known as the National Liberation Front (NLF).

"Alert you Laos Invasion by tens of thousands of U.S.--Saigon-Thai troops. Action intense U.S. Air Force. Earnestly call you mobilize peace forces your country. Check U.S. dangerous ventures." --Madame Binh (PRG delegate to the Paris Peace Talks)

"The PRG today issued an appeal to the student and youth conference in Ann Arbor, Michigan, for the peace-loving peoples throughout the world to initiate firm, broad, and immediate action including massive street demonstrations to condemn U.S. aggression in Laos and to check their plans to invade Cambodia, Laos, and North Vietnam. . . . The P.R.G. asserts that U.S. ground troops and not just American advisors are involved, and that round the clock bombings to support the ground troops is being carried out by the U.S. in Laos. This military aggression is the first stage of still larger aggression being planned. The PRG says that the apparent U.S. plan is to invade all Indochina including Laos, Cambodia, and North Vietnam. . . . The Provisional Revolutionary Government urgently calls on the people of the world to condemn this new escalation of the war and to take action now that could check the plans for the even greater escalation about to occur."
